

Esther Johnson

UX WRITER & DESIGNER

Integrating empathy and creativity in creating user-centered products, I transform ideas into lovable products and experiences with words.

EXPERIENCE

Xsolla - Berlin, Germany | 2024-present

User Experience Writer, B2C & B2B Solutions (*Full Time*)

- Create and optimize microcopy for products across B2C & B2B solutions
- Simplify complex workflows into intuitive, accessible, and action-oriented content
- Developed the B2C tone of voice in collaboration with cross-functional writers, establishing a consistent and recognizable brand voice across products and teams, which has streamlined content creation and improved user experience
- Maintain tone-of-voice standards and content guidelines for multiple products
- Improve feature discoverability and comprehension through strategic information architecture
- Partner with product managers, UX researchers, designers, and developers to define content requirements across product features
- Translate research insights and business goals into clear interface copy and product messaging
- Participate in cross-functional design reviews to ensure consistency and usability of content
- Support research activities including usability testing, interviews, and surveys
- Incorporate user needs, behaviors, and pain points into content iterations
- Present content-driven insights in workshops and stakeholder sessions

Payday - Delaware, United States | 2023

User Experience Designer & Writer (*Full Time*)

- Played a vital role with the design team that spearheaded the conceptualization and execution of Version 3.0, a pivotal product which resulted in a user base expansion with over 700,000 users
